

*Student Achievement*

Institution Name: Norwich University  
 Academic Period: Spring 2022 term to Winter 2022 term  
*See pages two and three for directions and definitions.*

<i>Program Name</i>	<u><a href="#">Indicators<sup>1</sup></a></u>	<i>Outcome</i>
MBA Project Management Concentration	One Year Attrition and Retention Rates	A=20.0%, R=80.0%

Indicators

<i>Indicator</i>	<i>Description of indicator and calculation method</i>
One Year Attrition and Retention Rates	<p>Formula: The number of students who continued into next term (based on four terms) divided by the total cohort number = retention rate/attrition rate.</p> <p>Spring 2022 - 8 students enrolled and 6 continued into next term;            Summer 2022 - 8 students enrolled and 7 continued into next term;            Fall 2022 - 8 students enrolled and 7 continued into next term; and            Winter 2022 - 6 students enrolled and 4 continued into next term.            Therefore, retention rate is <math>(6+7+7+4)/(8+8+8+6) = 80\%</math> Retention and 20% Attrition.</p>

Additional Notes:

<sup>1</sup> Indicators may include attrition, graduation rates, job placement, licensure pass rates, acceptance into graduate programs.
