WHAT IS RAMBLEWILD?

There’s nothing like nature to engage our senses and liberate our spirits. We invite you deep into our 900-acre Berkshire woods to enjoy a forest that unfolds over a rippling landscape and dramatic gorge, with wildlife all around and a central hemlock grove that’s a magical ten degrees cooler than its surroundings in the summer.

Inside this haven, Ramblewild offers an exhilarating, challenging, inspiring adventure that only nature could deliver. With trails winding up, across, between and through our thick forest, explorers young and old experience an exciting push out of their comfort zones and the thrill of achievement, all under a spectacular leafy canopy. Everyone leaves Ramblewild smiling.

Safety first: All participants use the world’s most advanced full-body harness safety system, and the course is monitored and guided by staff throughout. Both the course and staff are certified by ACCT, the world’s leading organization focused specifically on the challenge course industry.

SOMETHING FOR EVERYONE

Ramblewild offers these extraordinary, 3-hour adventures for everyone from experienced climbers to those who prefer both feet on the ground:

➢ 8 unique, self-guided, tree-to-tree aerial courses ranging from lower, beginning trails to much higher, more difficult expert courses
➢ Each course has nearly a dozen challenging elements
➢ 2 yellow trails, which are back-to-back gentle challenges and fun
➢ 2 green trails, slightly more advanced, a little more daring
➢ 2 blue trails. Here things start to get pretty interesting, but at this intermediate level most visitors are still up for the challenge
➢ 1 black trail, for advanced Ramblewilders. Telling you what to expect on this trail would take away the fun…but stay focused and be ready for some surprises
➢ 1 double black diamond trail, for superior adventurers and avid outdoorspeople. Be ready for anything

It’s important to note that orienting yourself to our course is paramount to enjoying your time here. We require that guests start with less difficult courses to understand the use of the equipment and provide a positive experience.
WHO CAN ENJOY RAMBLEWILD?

You can, if you’re taller than 55 inches, at least 7 years old, and young enough to remember what it’s like to be a kid.

WHO ELSE LOVES US?

Families share supportive, bonding experiences.
9-to-5ers escape completely from the weekday grind.
Tentative thrill-seekers discover a safe, revitalizing, novel adventure.
Hardcore achievement seekers have new heights to push themselves toward.
Fitness fanatics get fresh inspiration in our beautiful wilderness.
Outdoor-lovers have a new way to enjoy their favorite place.
Eco-advocates find a place that thinks like they do—and they have fun, too!

NEIGHBORS

We welcome our local friends, and look forward to hosting the surrounding community.

A REGIONAL DESTINATION

Many visitors to the area come for culture, but they also have passion for nature (and outdoor fun). For them, we add one more reason to make the short drive here...

➢ Young couples, growing families
➢ Students
➢ Residents of surrounding and nearby states
➢ Big-city dwellers who want to reconnect with nature
➢ Visitors to the region from all over the world

The course can hold more than 250 people at the same time.

Groups of 20 or more can be scheduled to use the course year round and receive special pricing. If you have a date in mind and an approximate number of people, contact us at 1.844.iRamble for more information or to arrange for your visit.

We understand that for some group members, an aerial park experience may be a bit intimidating or just not their thing. For those group members, we can also provide parallel activities for interesting, meaningful and lasting impressions. These include guided tours, private lessons or small group activities. Call for more information.

Feel free to bring your own lunch or snacks and enjoy the scenery near our picnic area and lodge. If you want us to provide food, just let us know ahead of your visit. We have several local caterers that can help out.

WELCOME GROUPS

RAMBLEWILD IS ALSO A GREAT, NEW WAY FOR GROUPS TO INTERACT AND HAVE FUN IN OUR TEAM-BUILDING, UP-IN-THE-TREES ADVENTURE – FROM CAMPS, BUSINESSES AND CHURCH GROUPS TO BOY SCOUTS, STUDENT GROUPS, ATHLETIC TEAMS, COLLEGE SUMMER PROGRAMS, AND MORE. THE FOREST HAS ROOM FOR THEM ALL.
LOCAL BOOSTER

Our park benefits the surrounding community and region in many ways:

➢ Local youths and adults have a healthy alternative to technological devices, and are encouraged to interact with nature
➢ We’re a great partner for cross-marketing campaigns with other tourist destinations
➢ Guests staying at local hotels and resorts can enjoy a wealth of alternative activities
➢ Offers unique collaboration opportunities with local schools, clubs and organizations to enhance their current curriculums and programs

NATURE DEFICIT DISORDER

A generation of children is growing up today with a dramatic lack of connection to nature. Computers, electronics and a fragmented, distracting social culture have separated them from the soothing, connecting, grounding effects of forests and nature growing wild.

We want to change that, and we know that forests have a well-documented, transformative mind-body effect. Simply being in the Ramblewild environment offers an exceptionally calming, therapeutic break from everyday life. And our tree-to-tree challenge courses, with their self-guided approach, are designed to have a profound impact on visitors’ self-confidence and happiness. Our mission is to bring people back to the forest and to develop an understanding, appreciation and respect for nature in everyone.

ENVIRONMENTAL STEWARD

We’re eco-friendly, with a sustainability mission, minimal impact in design, and environmental preservation at our core.

➢ We believe engagement with the environment is the first step for people to begin caring about and supporting it
➢ Ramblewild is low-impact: everything you see in our challenge courses has been installed and can be removed without any harm to the trees, and root systems are protected from heavy traffic. When we leave, it’s as if we’d never been here.

KEY TO THE RAMBLEWILD MISSION IS PLAYING AN ACTIVE, VITAL ROLE IN THE BERKSHIRE COMMUNITY. WE WANT TO FORGE LASTING PARTNERSHIPS WITH LOCAL INSTITUTIONS TO HELP SUPPORT THE REGION

RESERVATIONS STRONGLY ENCOURAGED

ALSO AVAILABLE:
- Local active servicemen and veterans enter for free, but must make reservations 7 days in advance
- We regularly offer discount days to residents of Massachusetts and nearby states – check our website
- Ramblewild often stays open late into the evening, and we also stay open to take advantage of full-moon illumination

WHAT TO EXPECT
Tickets are valid for 3 hours. Trails take about 30-45 minutes each; visitors typically accomplish 3 or 4 trails in a day.

- You don’t have to go on the tree-to-tree trails – you can relax away from them, watch your children explore them, experience nature from the comfort of a bench or picnic table, and more. You can see all of the different trail elements from the paths on the ground
- Our gift shop has all sorts of gear you might need or have forgotten, from water bottles to hats and gloves
- Feel free to bring your own lunch or snacks and enjoy the scenery near the picnic tables and lodge
RAMBLEWILD IS PART OF

FERONIA FORESTS: SUSTAINABLE FULL FORESTRY™

AT FERONIA FORESTS, WHEN WE LOOK OUT ACROSS OUR VAST ACREAGE WE SEE FORESTLAND, NOT TIMBERLAND

That outlook makes this beautiful slice of nature even more bountiful. We know that forests offer a place for children and adults to play, clean air for our planet, renewable energy, the building blocks of our homes, employment, and peace of mind. In short, humanity depends on healthy, resilient forests to deliver many of life’s essentials.

We’re a Certified B Corporation and 2013 winner of “Best in Environment Award” by B Lab, along with famously environmentally friendly corporations. And we have an enduring passion to conserve our forests and all they have to offer, for ourselves and for future generations. We’ll always seek to nurture the greatest long-term value for each of our forests for local communities, the environment, and our shareholders. It’s what we call Sustainable Full Forestry™, and we hope to have you as a partner in our efforts. Together, everyone wins.
